One day

41 0 1

Chapter 1 by Flower234

One day, perhaps one night, all of the sudden, you will feel so much sadness because of someone or the people you used to be with. You will feel emptiness, loneliness, a different kind of pain in your heart. you feel like you're unable to think, to sleep, to eat, to function. And that feeling will be worsened by the act that no matter how hard you wish for that someone or those people to be with you, it won't happen. That you're really missing that person but you can't do anything. and you'll be like asking when will the pain your feeling vanish when will the nostalgia be gone. Lucky if the pain vanishes and you recover fast. But even when the feeling is already gone, you can't really be lax because you'll never know when the next nostalgia will be.
